Subject: Upper Animas Travel

Louise – I will need to travel to Durango for a technical workgroup meeting on the Upper Animas River site. The ARSG is meeting in Durango starting at 1:00 pm on Thursday, November 13th. I imagine that the meeting will end ~ 4:00 or 4:30 pm so I am thinking that I could fly in that morning and drive to the meeting and catch a return flight on the same day. I would probably need no more than ~ 35 minutes to get to & from the airport in Durango so a flight that arrived ~ 10:30 - 11:00 AM might work fine. And a flight that left Durango ~ 5:45 or 6:00 pm would work also.

Can you search for flights and let me know what is available? And I probably won't need an SUV for this trip either. Thank you.
